

- Kennet & Barbara Skold contributed an installed Holiday decorations at the main entrance monuments.
- Manders planted fall color in front of the monuments, and Jerry Welch lowered the floodlights to their original positions.
- Erosion control blankets were installed around the Playground to keep fill surface intact until spring, when we will plant sod.
- Texas Trees Foundation can schedule tree planting for late January/early February; we should finalize our order (species and locations) in the next month.
- Playground and/or Beautification Committee(s) should plan for trees, screening and other plantings.
- Jerry Welch recommended light fixtures and mounts for South median; this would cost about \$1200 as DIY.
- Plan to plant Fescue grass in mud flats of Primrose common area; probably too late this year, so maybe in February.
- More trees to trim.
